NO CLUE TO SATURDAY ROBBERIES

No definite clue to the burglaries committed Friday night, when the depot office and the Bunker Hill Mine office were entered, has been found by Sheriff Hood and his deputies who have been working on the case, although a possible clue may have been encountered. Yesterday afternoon it was reported that Dewey Campbell, who escaped from the officers Thursday night while being taken back to the state hospital at Phoenix, was seen in the old hospital building back of the Boom shaft. When the officers hurried there, however, no trace of him could be found, although the parties who reported seeing him are positive they were not mistaken. It is believed that it is possible the demented youth has been in hiding in some of the abandoned tunnels and one report states that he called at the home of a local Mexican the night following his escape where he obtained food. They did not know who he was, it is stated, but on description being furnished, believed it was Campbell. That he may have been responsible for the attempted burglaries, is believed by the officials, although nothing of value was taken from either the depot or the mine office. The officers are still working on the case and it is possible the finding of the missing youth will clear up the attempted robberies.

PACKARD LOST FIVE HORSES: RETURNED BY SHERIFF HOOD

DOUGLAS, July 11.—Col. E. A. Packard was considerably agitated yesterday during the forenoon over the disappearance of five head of horses from his pasture a few miles northwest of Douglas in the valley. He promptly reported the loss to Deputy Sheriff Ed Leahy, who went to the pasture where apparently the gates had been opened and the horses taken out sometime during Thursday night. Officer Leahy followed the trail and finally located the missing animals on the mesa east of Camp Harry J. Jones.

MOORE IS HELD

ON A NEW CHARGE
BISBEE, July 11.—Walter Moore, who was arrested on Friday evening, charged with having entered the Warren Drug store on Thursday night, was yesterday taken before Judge McKenzie at Lowell and, demanding a preliminary examination, was ordered placed under a bond of \$400, which he furnished. The date of the preliminary trial has not been set.

A search of the Moore house was made by the local officers who claim that property alleged to have been taken from the drug store was found. A flashlight that was missed from the store several days ago was found. Moore claims that the property found in his possession had been purchased by him from a man who goes by the name of "Goldie."

According to the officers, Moore has served a term in the Oklahoma penitentiary and that at the present time he is out on parole from the Arizona state penitentiary, having been committed for the crime of burglary in a northern county. They also claim that Moore is not his right name, that he was convicted under the name of Hamilton.

Moore was arrested again last night on a charge of burglary. Judge McKenzie set his bond at \$1,000. Moore, unable to furnish bond in this amount was placed in jail.

Florence—Plans under way on Florence-Superior highway.

DEPUTY TRAILS HORSE THIEVES FLEEING TOWARD THE UTAH LINE

PRESCOTT, July 11.—Deputy Sheriff M. S. Plummer is today hot on the trail of three horse thieves who are believed to be headed toward Utah with nine animals stolen from the Williamson valley ranch of Lon Harmon. News of the theft of the horses was flashed to the sheriff's office last night about 9:30 and Deputy Sheriff Plummer left shortly afterwards to pick up the trail of the thieves.

Early this morning Sheriff Warren Davis received a wire from Plummer saying that he was following horses and men in a direction which indicated that they would probably attempt a crossing of the Colorado river, proceeding thence into Utah.

MOTHER DRAGS SEVEN CHILDREN OUT OF BURNING HOME TO SAFETY

DOUGLAS, July 11.—Fighting against terrible odds with the recklessness which can be prompted only by a mother's instinct to protect her children, Mrs. Steve Balich last night, aided by her eldest son, defied the flames with surreptitiously had enveloped the roof of her home east of the city waterworks and carried, dragged and drove seven sleeping children out of the building to safety before she fell almost exhausted into the arms of neighbors. The six-room house and its contents were entirely destroyed.

RANCHER INJURED WHEN PLOW TEAM RUNS AWAY

DOUGLAS, July 11.—Ed Miller, aged 50, a ranch hand on Queen's ranch about six miles east of Douglas, in the highway, sustained three broken ribs and a sprained back yesterday when a team of horses with which he was plowing ran away and entangled him in the reins. Dr. Z. Cansey, county hospital physician, attended the injured man and ordered him removed to the county hospital.

SPURT IN GARBANZO SHIPMENTS TAKES 60 FREIGHT CARS

TUCSON, July 9.—Osgood calls for freight cars to handle a sudden spurt in shipping of garbanzos from Empalme, have been received at the local executive offices of the Southern Pacific of Mexico railway, and steps have been taken to alleviate as much as possible the car shortage that now menaces the crops in the southern republic.

SANTA CRUZ FARMERS ARE GOING INTO DAIRY BUSINESS

PATAGONIA, July 11.—The planting of crops in Santa Cruz county is practically at a standstill owing to the drought. It was stated by County Agent C. S. Brown, who returned to Tucson Monday from this section.

While a few farmers are planting some crops, there is practically no germination of the seed, the county agent said, and those who are putting seed in the ground are doing so in the hope that the rains will come later.

While most of the farmers who raised grain and forage sorghum, and some beans last summer, which they sold on a cash market, this year are turning their crops into ensilage for the most part to feed their dairy cows. Many of the Santa Cruz farmers are going into dairying, Mr. Brown said. As there are many good milk cows in this section, and as practically all the larger farms are equipped with silos, the farmers are well equipped for dairying.

THINK BIG ANDES BORE WILL SOON CUT MAIN ORE

PATAGONIA, July 11.—The big Andes tunnel now is about 1200 feet into Red Mountain and within 100 feet more is expected to cut the main ore body, which, at higher levels has carried values of 12 per cent copper and five ounces of silver. Another notable tunnel now about 1200 feet long, is that being driven by R. R. Richardson on the Hermosa property, to make connection with a deep mine. Mr. Richardson is reported to have taken back the Terminal and Grove claims, which formed a part of the holdings of the Flux Mining company, a Bisbee corporation. James M. Layman, who has a bond from Mr. Richardson on the Abe Lincoln, formerly the Blue Nose, is reported to have secured capital for extensive development.

Magma interests, operating as the Patagonia-Superior company, have suspended drilling operations on the old Three R property.

Oatman Amalgamated mine closed to install large compressor.

Yuma—Many companies organizing to develop mineral deposits.

Casa Grande—Hydro-electric power.

TENSHUN, VETERANS

PHOENIX, July 12.—M. L. Doner, assistant director of vocational education, plans to leave tomorrow for the southeastern part of the state to make a survey of the vocational education situation. He will make a report on this subject to the state board of education at its meeting here July 20.

SHOOT AT MAN FROM AMBUSH IN WILLIAMSON VALLEY EARLY TODAY

PRESCOTT, July 9.—A report reached the sheriff's office shortly after noon today that a man was shot at from ambush in the brush some place in Williamson valley before day break today. Deputy Sheriff Jim Cook and two others left at 1:30 to investigate the shooting, but no details are accurate, the information at the sheriff's office being too indefinite, it is their opinion, to give the name connected with the shooting and whether or not there was any injury or death resulting.

HELD ON COAST TO FACE CHARGE HERE

PHOENIX, July 11.—P. B. Hale, formerly associated with H. H. Tally in the Pioneer Athletic club, is being held at Taft, California, for local officers. He will be brought back to Phoenix by Deputy C. P. Anderson, who left last night with requisition papers on Governor Stephens of California. Hale is charged with embezzlement of funds.

While in California, Deputy Anderson will also go to San Diego to get Charles Sorenson, held in that city for local officers. He is wanted here on a charge of issuing bogus checks.

BELIEVE MISSING ARMY

LIEUTENANT A. W. O. L.: DETACHMENT WITHOUT FUNDS

DOUGLAS, July 12.—The belief that Lieutenant Luther, in charge of the detachment of progressive military mappers of the United States army, met with foul play has been abandoned and it is now thought that he is absent without leave. Members of his detachment, sans June pay, sans communication and rations and sans patience, scouted the "foul play" theory from the very first and secret service men have recently come to the conclusion that his men are right.

COCHISE COUNTY ROADS ARE GOOD

Roads in Cochise county are in good shape since rains with the exception of the roads leading from Benson to Texas canyon and Wilcox, that cannot be traveled, the bridge across the river about a mile below Benson having been washed out. Travel to Wilcox and Cochise is being routed through Tombstone and then to Gleason, Pearce and Cochise. The through travel is being sent from Benson to Tombstone, Bisbee and Douglas.

The road to Hereford is in good shape, but beyond Hereford there are a few washouts that are now being repaired. The road to Ramsey canyon is in first class shape.

The road east of Douglas to Rodeo, or the New Mexico line, is in good shape. It has been worked over since the rains by drags and is good traveling.

The road from Bisbee to Gleason and Pearce by way of the Forrest ranch is in fairly good shape. A road gang has been working on it for the past few weeks and since the rains it has been materially improved.

The road from Douglas through Bisbee, Tombstone, St. David and Benson is in fine shape. The highway from Benson to Vail has been dragged since the rains and is in first class shape.

The road from Tombstone to Gleason, Pearce and Cochise, is in very good shape.

The road from Fort Huachuca is in excellent shape with the exception of a very few places.

The road from Fairbank to the Santa Cruz county line is in good condition and the new road from the line toward Patagonia fair work on that section will be started from Scribner to Patagonia.

The road via Empire Ranch is about to be abandoned—that part of it lying within the big Empire Ranch—no more work will be done on it and people from Cochise county wanting to go that way will have to go via Sonoita to reach Vail and Tucson, the direct route will be via Benson and no more official maps will show a road to Tucson through the old mud hole route; everything will be via Benson.

Bids were opened yesterday by the Santa Cruz county highway commission for the construction of the Sonoita-Patagonia highway. This 131.2 mile stretch in the section adjoining the Nogales-Fairbank highway which state forces have practically completed, 141.2 miles of which will be finished in the next two weeks. Federal approval of the second section on which bids were received was secured June 18. Federal aid also was requested on 15 miles of the Nogales-Fairbank road in Cochise county. This stretch will also be completed this summer, according to information given out at the state highway department yesterday.

FATHER OF FAMILY

DIES FROM ALFALFA DIET AT GLENDALE

PHOENIX, July 11.—Many pathetic incidents are being related of suffering from hunger about this city from subscribers to the Republican's relief fund.

In a family near Glendale not long ago a four-year old child died, but the cause of the death was not ascertained. Later the father died. A post-mortem examination revealed a quantity of alfalfa in his stomach. Part of it was raw and lay in an undigestible mass. The family, it seems, had been living on alfalfa, although unwilling to allow their poverty to become known.

Vacationers:

For the convenience of those who are planning to leave town on vacations, this bank can arrange to make collections of rent, dividends and interest pay obligations when due, receive deposits by mail and remit funds—assuming all your financial worries while you are away and taking care of them exactly as you direct before leaving.

We suggest that you drop in a moment and talk the matter over with us.

DR. TUTTILL OF PHOENIX NEW SUPERINTENDENT OF PUBLIC HEALTH

PHOENIX, July 12.—Dr. A. M. Tuttil of Phoenix, president of the State Medical society has been appointed state superintendent of public health by Gov. Thomas E. Campbell. Dr. Tuttil succeeds Dr. George Goodrich, also of Phoenix, who submitted his resignation to the governor several weeks ago.

Dr. Tuttil said he would continue his private practice in Phoenix, but would spend part of each day at his office in the capitol.

Dr. Tuttil has been a resident of Arizona since 1898, when he came to this state from California. He first located in Moreland. During the war he served overseas as a brigadier general in command of the 70th infantry. He has been practicing in Phoenix since his discharge from the army. He is commander of the local post of the American Legion.

SOUTHSIDE WOMAN KICKED BY HORSE DROWNS IN CANAL

MESA, July 12.—The kick or a blow from the head of a horse, striking Mrs. W. H. Wrenck on the head and knocking her into the eastern canal, was responsible for the death of the woman Monday afternoon, according to the finding of the coroner's jury which Tuesday morning investigated the circumstances surrounding the accident. The jury was empaneled Monday evening by Justice of the Peace Kingsbury, following the finding of the body three miles below the Roosevelt highway and the Eastern Canal.

Wrenck and his wife had gone to the canal, as was their custom, late in the evening with the horses. While he was dipping water from the canal with a bucket his wife was standing along the bank holding the animals. Suddenly he missed her. A few moments later he saw her hat in the water, and fearing that she might have fallen, he sounded an alarm.

ONE MAN SERIOUSLY HURT WHEN TRAIN WRECKS MOTOR CAR

PHOENIX, July 9.—One man was seriously injured and three escaped by jumping when a southbound Santa Fe passenger train struck a Ford car at the Six Points crossing on the Christy road at 8 o'clock yesterday morning. All four are members of a Twoby Bros. culvert gang.

The man injured was E. D. Bradshaw, foreman of the gang and driver of the car. He received a broken collar bone, a fractured leg and cuts and bruises. His recovery was regarded certain last night. The automobile was wrecked.
